**For Patients with a cancer diagnosis undergoing treatment during the COVID-19 Pandemic  
(Updated 21 March 2020)**

The Wales Cancer Alliance is the group responsible for representing 20 of Wales' cancer charities. To support your constituents with a cancer diagnosis and their loved ones, we have pulled together a list of support lines and reliable sources of information. These organisations will provide someone to talk to, answers to frequently asked health questions, emotional support and assistance in accessing benefits and financial advice.

We will continue to provide you with the latest information about the coronavirus and how it might affect treatment and care in Wales.
